## Specifications of Machines at NITRA Focus Incubation Centre (FIC)

### 1. Weaving Machines

| S.No | Type              | Make and Model | Qty (nos.) | Technical Specifications  |
|------|-------------------|----------------|------------|---|
| 1    | Sectional Warping | Rabatex        | 1          | Creel capacity –240<br>size – 190 to 220 mm   |
| 2    | Shuttle less Loom | Vamatex        | 1          | width 190 mm<br>speed 250 to 400 rpm<br>weft colour – 1<br>designing – electronic<br>dobby        |
| 3    | Shuttle less Loom | Picanol        | 2          | width 220 mm<br>speed – 600 rpm<br>weft colour – 8<br>designing – tappet (plain,<br>twill, satin) |

### 2. Circular Knitting Machines

| S.No | Type   | Make, Model and Year   | Qty (nos) | Technical Specifications   |
|------|--|--|-----------|--|
| 1    | Circular Knitting Machine                                    | Terrot<br>(Made in Germany)<br>Model- S296-2<br>Year-2013    | 1         | 24 Guage,<br>30 Inches Dia,<br>96 Yarn feeders<br>Lyra feeder Installed<br>No. Needles-2256  |
| 2    | Circular Knitting Machine<br>(Open width fabric<br>takedown) | Pilotelli<br>(Made in Italy)<br>Model- M0938417<br>Year-2017 | 1         | 28 Guage,<br>34 Inches Dia,<br>102 Yarn feeders<br>Lyra feeder Installed<br>No. Needles-2976 |

### 3. Garmenting Machines

| S.No | Name of the machinery/<br>equipment                                       | Make and Model         | Qty (nos.) |
|------|---|------------------------|------------|
| 1    | Straight Knife Cutting Machine  | Eastman 629 (8") DS    | 1          |
| 2    | Fusing Machine  | Hashima<br>HP-900LFS   | 1          |
| 3    | Direct Drive S/N Lockstitch m/c with<br>automatic thread trimmer          | JUKI<br>DDL 9000       | 10         |
| 4    | Direct Drive D/N Lockstitch m/c with<br>organized spilt needle bar        | JUKI<br>LH-3588        | 2          |
| 5    | Overlock machine for heavy weight<br>materials                            | JUKI<br>MO 6843        | 5          |
| 6    | Computer Controlled Lockstitch Button<br>sewing machine                   | JUKI<br>LK-1903        | 1          |
| 7    | Computer Controlled Lockstitch Button<br>holing machine                   | JUKI<br>LBH-1790       | 1          |
| 8    | Computer Controlled Bartacking<br>machine                                 | JUKI<br>LK-1900        | 1          |
| 9    | Computer Controlled shape tacking<br>machine with heat cutter             | JUKI<br>LK-1941        | 1          |
| 10   | High Speed Flat Bed 2 Needle Double<br>Chain Stitch machine               | JUKI<br>MH-380U        | 3          |
| 11   | High Speed Flat Bed Top and Bottom<br>coverstitch machine                 | JUKI<br>MF 7523        | 3          |
| 12   | Computer Controlled Eyelet<br>buttonholing machine                        | JUKI<br>MEB 3810       | 1          |
| 13   | Computer Controlled Direct Drive S/N<br>Lockstitch m/c for Zig-Zag Sewing | JUKI<br>LZ2290         | 1          |
| 14   | Belt Loop making machine  | Kansai B 2000C         | 1          |
| 15   | Elastic band attaching machine  | Kansai<br>DFB 1404 PMD | 1          |
| 16   | Pressing Tables with Irons  | Ramsons                |            |
| 17   | Thread Sucker   | Ramsons                | 1          |
| 18   | Shirt Folding Table   | Ramsons                | 1          |
| 19   | Stain Remover   | Ramsons                | 1          |

**4. Embroidery Machine**

| <b>S.No</b> | <b>Type</b> | <b>Make and Model</b>               | <b>Qty (nos)</b> | <b>Technical Specifications</b> |
|-------------|-------------|-------------------------------------|------------------|---------------------------------|
| 1           | Lockstitch  | DEFU<br>Model- JSY90L4<br>Year-2004 | 1                | 6 Head<br>9 Needles<br>1400 rpm |

**OFFER TO UTILIZE NITRA FIC FACILITIES  
ON CHARGEABLE BASIS**

| S.No. | Head   |   |
|-------|--|---|
| 1     | Name of the Party  |   |
| 2     | Full Address   |   |
| 3     | Phone No.  |   |
| 4     | Name of the Contact Person, Contact No. and mail id                              |   |
| 5     | Type of Facility Required (Tick <input type="checkbox"/> at the relevant one)    | <ul style="list-style-type: none"> <li>• Weaving</li> <li>• Knitting</li> <li>• Garmenting</li> <li>• Embroidery</li> </ul> |
| 6     | Duration for which facility is required (Offer should be for 6 months and above) |   |
| 7     | Monthly Service Charges proposed (exclusive of 18% GST)                          |   |

**Payment Terms:** Payment of Service Charges shall be made on monthly basis against bill raised by NITRA. Electricity charges shall be payable on actual consumption basis.

Further, I/We fully understand and accept that NITRA shall only provide the facility required by us, as mentioned above, along with power supply (equipped with a separate sub-meter). It will be our responsibility to arrange rest of the requirements such as labour, materials, maintenance, consumables etc.
