

Grand Opportunity to Learn About Protective Textiles with

INTERNATIONAL SPECIALISTS

from

U.S.A. AND NEW ZEALAND

Northern India Textile Research Association

Organizes

One day Intense Workshop on

“PROTECTIVE TEXTILES: PRESENT SCENARIO AND

FUTURE PROSPECTIVE”

at India International Centre, New Delhi on

11th December 2015

This workshop will provide ideal opportunity to understand manufacturing processes of some of the major protective textiles. It will also throw the light on present scenario of protective textiles manufactured in India and abroad. With the theme of **“Protective Textiles: Present Scenario and Future Prospective”** the emphasis will be on how to improve functional properties of the present protective textiles and to develop some protective textiles, which are otherwise being imported. This workshop will provide a platform to address various issues related to protective textiles with the help of renowned subject experts from abroad and India.

Major areas of interest are:

1. Extreme weather clothing
2. Nano composites for protech
3. Advancement in

- a. Textile Finishing ,
- b. FR suits, and
- c. Anti Microbial

- **Exhibition to benefit your business**

Promote your product or service and connect with your peers with a table top display

- **Networking**

In-between the sessions, opportunities to network with International speakers and senior are provided throughout the event
